about

"I really, really like designing"

Rob Fawley

While that quote above is unquantifiable, unfalsifiable, and a little blunt, it represents my overt love for the discipline that needs not even a hint of metaphor to be expressed (for fear of being obtuse). My CV and portfolio are intended to be evidence of this claim.

skills

Software: Photoshop, InDesign, Illustrator, Premiere Pro, Claude Code, Microsoft 365.

Making: Welding, Woodwork, Camera and Video, Audio, Print and Binding.

Soft: Writing, Presentation, Teamwork, Leadership, Communication.

education

Goldsmiths, University of London BA (Hons)
Design - First Class Honours 2023 - 2026

Northumbria University Design Foundation
Year 2022 - 2023

experience

software designer

safesteps tech - 2025

- * Research (including interviewing senior hospital consultants), stakeholder mapping and prototyping for fall-prevention software in NHS hospitals.

- * Clinical features specified against NICE, BGS and RCP guidance.

editorial intern

disegno - 2025

- * Interviewed practising designers, including Jun Rhee and Daniyar Uderbekov, and wrote profile pieces on them for *Disegno's* online journal.

- * Provided interview transcription and editorial support across the team.

student researcher

microsoft - 2025

- * Open brief looking into the "implications of AI"; our team focused on the potential fallout of dataset manipulation.

- * Presented findings to Microsoft's M365 Core Studio design team.
